Subject: RE: How many homes have we remediated in San Mateo Basin (the 900 includes everyone-Laguna, Acama, Blue Water, Canyon Largo) - I need just within the Basin
Date: Friday, April 7, 2017 2:35:40 PM
Importance: High

We have put 6 treatment systems and replaced 1 well, 97 residential assessments and 42 removals (all media; soil, DW and radon) in the San Mateo Creek Basin. The over 900 and 128 are overall in the GMD

Warren,

Thank you for your help. Here is the sentence that Carl sent me – these are the numbers I am trying to verify-

a score of private wells have been tested and 7 have been replaced under Removal authorities; over 900 residential properties have been tested for mine and mill wastes and 128 were cleaned up through Removal actions].

How far down do we officially call the SMC Basin? Above or below Homestake mill? All media? Or just soil? Please advise
